We Need Conviction Not Compromise

Wess Howell was born and raised in Enterprise, Alabama. While attending Freed-Hardeman University in Henderson TN, Wess worked as a youth minister. After graduating with a B.A., he spent a year in mainland China teaching College English and helping the people deal with their religious and human rights persecution. While risking imprisonment under the Communist government of China, Wess determined to defend causes for freedom and the fundamental values we dearly cherish. He is running for State Representative to give Coffee County citizens the voice we need in Montgomery. A voice of conviction not compromise.

Wess believes our founding fathers intended for our government to be led by public servants and not career politicians. He is committed to serve only two terms in the Alabama Legislature and will never double dip in our state payroll. Wess lives in Enterprise where he is a member of the College Avenue Church of Christ and National Marketing Director for the Boll Weevil Soap Company.
